

AN ACT in relation to public aid.

Be it enacted by the People of the State of Illinois,
represented in the General Assembly:

Section 5. The Illinois Public Aid Code is amended by
changing Section 9A-11 as follows:

(305 ILCS 5/9A-11) (from Ch. 23, par. 9A-11)

Sec. 9A-11. Child Care.

(a) The General Assembly recognizes that families with children need child care in order to work. Child care is expensive and families with low incomes, including those who are transitioning from welfare to work, often struggle to pay the costs of day care. The General Assembly understands the importance of helping low income working families become and remain self-sufficient. The General Assembly also believes that it is the responsibility of families to share in the costs of child care. It is also the preference of the General Assembly that all working poor families should be treated equally, regardless of their welfare status.

(b) To the extent resources permit, the Illinois Department shall provide child care services to parents or other relatives as defined by rule who are working or participating in employment or Department approved education or training programs. At a minimum, the Illinois Department shall cover the following categories of families:

(1) recipients of TANF under Article IV participating in work and training activities as specified in the personal plan for employment and self-sufficiency;

(2) families transitioning from TANF to work;

(3) families at risk of becoming recipients of TANF;

(4) families with special needs as defined by rule;
and

(5) working families with very low incomes as defined by rule.

The Department shall specify by rule the conditions of eligibility, the application process, and the types, amounts, and duration of services. Eligibility for child care benefits and the amount of child care provided may vary based on family size, income, and other factors as specified by rule.

In determining income eligibility for child care benefits, the Department annually, at the beginning of each fiscal year, shall establish, by rule, one income threshold for each family size, in relation to percentage of State median income for a family of that size, that makes families with incomes below the specified threshold eligible for assistance and families with incomes above the specified threshold ineligible for assistance. The specified threshold must be no less than 50% of the then-current State median income for each family size.

In determining eligibility for assistance, the Department shall not give preference to any category of recipients or give preference to individuals based on their receipt of benefits under this Code.

The Department shall allocate \$7,500,000 annually for a test program for families who are income-eligible for child care assistance, who are not recipients of TANF under Article IV, and who need child care assistance to participate in education and training activities. The Department shall specify by rule the conditions of eligibility for this test program. ~~It--is-the-intent-of-the-General-Assembly-that,--for~~
~~fiscal--year--1998,--to--the--extent--resources--permit,--the~~
~~Department-shall-establish-an-income-eligibility-threshold-of~~

Nothing in this Section shall be construed as conferring entitlement status to eligible families.

The Illinois Department is authorized to lower income eligibility ceilings, raise parent co-payments, create waiting lists, or take such other actions during a fiscal year as are necessary to ensure that child care benefits paid under this Article do not exceed the amounts appropriated for those child care benefits. These changes may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply.

The Illinois Department may contract with other State agencies or child care organizations for the administration of child care services.

(c) Payment shall be made for child care that otherwise meets the requirements of this Section and applicable standards of State and local law and regulation, including any requirements the Illinois Department promulgates by rule in addition to the licensure requirements promulgated by the Department of Children and Family Services and Fire Prevention and Safety requirements promulgated by the Office of the State Fire Marshal and is provided in any of the following:

(1) a child care center which is licensed or exempt from licensure pursuant to Section 2.09 of the Child Care Act of 1969;

(2) a licensed child care home or home exempt from licensing;

(3) a licensed group child care home;

(4) other types of child care, including child care provided by relatives or persons living in the same home as the child, as determined by the Illinois Department by rule.

(d) The Illinois Department shall, by rule, require co-payments for child care services by any parent, including parents whose only income is from assistance under this Code. The co-payment shall be assessed based on a sliding scale based on family income, family size, and the number of children in care. Co-payments shall not be increased due solely to a change in the methodology for counting family income.

(e) The Illinois Department shall conduct a market rate survey based on the cost of care and other relevant factors which shall be completed by July 1, 1998.

(f) The Illinois Department shall, by rule, set rates to be paid for the various types of child care. Child care may be provided through one of the following methods:

(1) arranging the child care through eligible providers by use of purchase of service contracts or vouchers;

(2) arranging with other agencies and community volunteer groups for non-reimbursed child care;

(3) (blank); or

(4) adopting such other arrangements as the Department determines appropriate.

(g) Families eligible for assistance under this Section shall be given the following options:

(1) receiving a child care certificate issued by the Department or a subcontractor of the Department that may be used by the parents as payment for child care and development services only; or

(2) if space is available, enrolling the child with

a child care provider that has a purchase of service contract with the Department or a subcontractor of the Department for the provision of child care and development services. The Department may identify particular priority populations for whom they may request special consideration by a provider with purchase of service contracts, provided that the providers shall be permitted to maintain a balance of clients in terms of household incomes and families and children with special needs, as defined by rule.
